Subject: Adopted 2019-2020 Fiscal Year Budget

The City Commission adopted the 2019-2020 Fiscal Year (FY) budget on June 17, 2019. For the sixth year in a row this budget provides for a balanced General Fund; as a result of the efforts from the management staff of all city departments.

The adopted FY2019-2020 General Fund Budget is fiscally conservative while continuing to provide our community with a level of service that our residents have come to expect. This budget continues to move the City forward by providing efficient local services.

Despite City property taxes still being significantly less in 2020 compared to 2009, the City did experience a 2.82% increase in taxable value compared to the 2018 tax levy. The increased taxable value will generate an additional \$253,768 in property taxes compared to the prior year's budget.

The City also is projecting an increase in State Shared Revenue Sharing from the State of Michigan. The projection of State Shared Revenue Sharing from the State of Michigan for 2020 is \$144,492 more than the expected amount for 2019. However, this amount is still \$304,454 less than was received from the State in 2009. This equates to an inflation adjusted reduction of 21.67% since 2009.

The adopted FY2019-2020 General Fund Budget **DOES NOT** require the use of any funds from the City's Reserve Fund. In addition, as identified in our recently completed 2017-2018 audit the City has been able to add more funds to the General Fund Reserve Fund and it now stands at 23.7% of the amended FY2018-2019 budget which is above the City policy of maintaining between 15% and 20%. Although the State economy continues to slowly improve, our City continues to face significant fiscal challenges. However, due to the hard work and dedication of City staff, the adopted FY2019-2020 General Fund budget is balanced and the City's service programs and staffing levels will remain consistent. The City's current General Fund Unassigned Fund Balance on June 30, 2018 was \$4,731,871.

The City Commission policy of maintaining between 15% and 20% of the previous years amended expenditure budget results in a desired fund balance level of between \$2,994,355 and \$3,992,473. The fund balance amount on June 30, 2018 was \$4,731,871, \$739,398 more than the 20% policy established by the City Commission. While the amount of the increase expected on June 30, 2019 will probably be less than it was on June 30, 2018, it is expected that the General Fund fund balance will increase at the end of the current fiscal year.

The adopted budget reflects that this excess amount (\$739,398) was transferred to the Public Improvement fund to provide a funding source for desired capital projects in the City. In addition, any further fund balance increases in the General Fund fund balance in excess of the 20% City Commission policy be transferred annually to this fund. This fund could then be used as a funding source for road improvements, park improvements, or any other select projects that the City Commission finds necessary/desirable.

The adopted FY2019-2020 General Fund budget is \$20,579,621 which represents an increase of \$841,684 over the adopted FY2018-2019 General Fund budget established at \$19,737,937. This increase was primarily due to modest increases in salaries and other increases in fringe benefits and other services.

The City's General Fund includes an allocation of \$2,734,658 towards the Retiree Health Care Fund which represent 13.3% of the City's General Fund. The General Fund also includes a budget allocation of \$2,080,926 pension benefits for retired and soon to be retired employees that are still eligible for defined benefit retirements. Together the retirement health insurance and pension for active and retired employees will cost the City \$4,815,584 in the adopted FY2019-2020 budget. The City's total estimated future cost liability for retiree health insurance and pension is a combined \$271,344,509.

Public Act 202 of 2017 requires that all governments that sponsor a pension system or other postemployment benefits (OPEB) plan to report to the Department of Treasury the funding levels of the plan(s) that the government sponsors. The City's Retiree Health Care Trust (OPEB) plan was considered "Underfunded" when the report was filed with the State of Michigan. The Application for Waiver and Plan which the City Commission approved on April 2, 2018 and subsequently approved by the State of Michigan on December 27, 2018, detailed the various steps the City has taken to achieve a higher funding level in the OPEB plan. As a result of Public Act 202, the contributions and funding levels will be very important in future years.

#### Adopted FY2019-2020 General Fund Revenues

As noted in the following chart the City's largest revenue source is property tax revenue collection which increased by \$154,030 from the 2018-19 budget. The overall decline in the City's property tax revenue began in 2009 with significant revenues lost as a direct result of the Great Recession. Although modest, the City is finally experiencing increases in our property tax revenues.

The total cumulative loss of \$20,682,390 represents the property tax dollars the City would have received over the twelve year period since the start of the Great Recession in 2009 if property tax revenue would have remained unchanged. During this time period the average residential property located in Bay City has experienced an actual <u>decrease</u> in their property tax bill (City portion of the tax bill) of \$63.60.

State Shared Revenue Sharing is the second (2<sup>nd</sup>) largest revenue source for the General Fund. This revenue has also decreased significantly since the beginning of the Great Recession.

The following chart illustrates how much State Revenue Sharing has been received (budgeted) by the City during the period of 2009-2020. Although the City has experienced significant increases in this revenue source since 2013, the City is still receiving significantly less than was received eleven years ago.

Property Tax and State Shared Revenues together resulted in a loss for the City of \$29,538,700 since 2009.

#### Electric Utility

The City Electric Department budget will increase by \$1,513,715 which represents an overall expenditure increase of 3.9%. Consistent with the rate study conducted in 2018, the budget assumes an increase in electric rates of approximately 1.0% effective April 1, 2020.

The PILOT payment from the City's Electric Utility is projected to be \$2,172,649. The Electric Utility Payment in Lieu of Taxes (PILOT) was increased from 4% to 6% for the 2017-2018 budget which provided an increase in the General Fund approximately equivalent to the cost of the street lights that the General Fund pays to the Electric Utility. The 6% will remain in this adopted budget.

#### Water Utility

The City's water utility will increase \$28,201 for a total adopted budget of \$10,488,760. This represents a 0.3% increase from the budget for the current year.

The City is part of the Water Consortium and purchases approximately 33% of the water produced by the Bay Area Water Treatment Plant. As a direct result of switching to the Bay Area Water Treatment Plant,

FY2019-2020 Adopted Budget July 1, 2019

the City has changed from the producer of water to a purchaser of water. The fiscal year that begins on July 1, 2019, marks the beginning of the fourth year that the City will purchase water from the BAWTP.

A new rate of \$3.57/ccf proposed by the BAWTP and approved by the Consortium became effective January 1, 2019. The former rate was \$3.42/ccf, an increase of \$.15/ccf or 4.39%. The \$.15/ccf increase is an inflationary cost increase of the BAWTP. The approved budget, reflects the increase of the commodity charge for water of \$.15/ccf. In addition, the City Commission approved changes to the monthly customer charges that will make these charges consistent with the sewer rates and more accurately reflect the meter size. This rate change will increase the average residential water bill by \$1.05/month.

Under the new Transmission System the City no longer receives payments for the use of the City's Transmission system. This effectively reduces the City's current revenue by approximately \$450,000 per year. The loss of revenue is partially offset by the BAWTP assuming all of the outstanding debt on transmission assets as well as assuming control (and costs) for the City's water tower.

#### Sewer Utility

The City sewer utility budget is approved to decrease to \$14,911,028 from the \$14,916,781 approved FY2018-2019 budget, a decrease of approximately 0.04%. The City Commission will be asked to approve a rate increase of 1.99% to generate the revenues that are projected in the attached budget. This will increase the average sewer bill by \$1.65.

#### Refuse Collection Budget

Over the last several years, the Solid Waste Disposal program has consistently cost more to provide the services than what was being charged to City residents for these services. In addition, rates had not been increased for many years.

The City began working with a consultant in late 2016 to review the entire operation of the Solid Waste Disposal program. The study resulted in the City lease-purchasing the former Waste Management transfer station located in Bay City and significant changes to previous collection and hauling practices. The rates were also increased over the next several years to accommodate the changes in costs and practices.

The City has possession of the transfer station site and has begun utilizing the equipment to prevent individual refuse trucks from having to carry their trash to the landfill. In addition, there have been changes in the various policies and practices related to the solid waste program. Additional ordinance changes will be presented for City Commission approval as continuing changes are made to this function.

The Solid Waste Disposal adopted budget for FY2019-2020 is \$3,154,692. This is an increase of \$246,505 from the FY2018-2019 budget primarily due to the increase in disposal and transporting costs of the refuse. Consistent with the rate structure approved in 2017 for Solid Waste Disposal services, the monthly rate for each bin will increase from \$14.30 to \$15.40, an increase of \$1.10/month for each bin; a 7.7% increase.

As noted in the above chart the total City expenditures/expenses (all Funds) for the upcoming fiscal year will increase spending \$6,828,269 which represents a 4.78% increase.

#### City Goals

Significant resources are allocated in this budget to continue working toward the Goals set for by the City Commission and approved at the Commission meeting of March 5, 2018. Outlined below are some of the specific activities included in the budget that work toward these City Commission goals:

1. Infrastructure:

This budget includes significant budgets for infrastructure including road improvements projects, continuation of the sidewalk projects, major water and sewer utility projects, electric utility capital projects, as well as allocations that reflect Departments moving into and utilizing the new building that will replace the current DPW and Electric Utility Service buildings.

2. Housing/Residential/Neighborhood Issues

This budget continues funding for many of the provisions of the housing study including the continuation of the Vacant Building Registration program, blight improvements, and tightening of rental property inspections and review. The City purchases all water that is sold to our customers from the Bay Area Water Treatment Plant. The BAWTP increased the rate that they charge for the water by approximately 4.39%. The Water and Sewer rates for FY2019-2020 will increase 2.18% and 1.99% respectively.

3. Miscellaneous Priorities

This budget is a balanced General Fund budget with no anticipated or budgeted use of General Fund reserves. Also, the budget includes allocations for continuation of the budget infographic which helps to explain where City revenues are utilized as well as funds for a marketing program for the Solid Waste Disposal function to increase the recycling participation.

#### Conclusion:

The adopted FY2019-2020 General Fund budget continues to move the City forward in a positive direction. It includes significant funding for street improvements and infrastructure repairs and provides for actual enhancements in a number of City services.

I would like to thank the entire staff of the City for their cooperation in making the decisions which were necessary to again achieve the goal of presenting a balanced City budget to the City Commission for their review and approval and to thank the Commission for their review and approval of this budget.

#### CITY OF BAY CITY 2019-2020 ADOPTED BUDGET ELECTIONS

#### DEPARTMENT DESCRIPTION

The Bay City Clerk is the Election official for the City, and is responsible for administering all federal, state, county and city elections. There are nine polling locations and two absentee counting boards. The Clerk trains all Election Inspectors and schedules approximately fifty to sixty inspectors for those locations per election. The clerk works closely with the Bureau of Elections and may hold up to three elections per year.

#### CITY OF BAY CITY 2019-2020 ADOPTED BUDGET MAJOR STREETS WINTER MAINTENANCE

#### DEPARTMENT DESCRIPTION

This fund covers all Winter Maintenance of Major Streets and Bridges. This includes employees, equipment, fuel, salt and anti-icing agents used for snow removal, plowing and salting. Major streets include emergency vehicle routes, state highways, trunk lines, school routes and business districts. MDOT reimburses the City through a maintenance contract for expenses used to provide winter maintenance to State roads within the City limits.

# CITY OF BAY CITY 2019-2020 ADOPTED BUDGET EMERGENCY HOME REHABILITATION

# DEPARTMENT DESCRIPTION

The Emergency Rehabilitation Program is administered by Bay Area Housing, Inc. and funded with CDBG funding. The Program is intended to make emergency repairs for low/moderate income homeowners that are necessary to control or arrest the effects of imminent threats or physical deterioration. Repairs are secured by a mortgage on the home. City Staff is responsible for the collection and maintenance of mortgages.

## CITY OF BAY CITY 2019-2020 ADOPTED BUDGET HOUSING REHABILITATION

### DEPARTMENT DESCRIPTION

This activity tracks Housing Rehabilitation Loan payments and interested on loans that were previously given under the Substantial Housing Rehabilitation Program. The program is no longer offered but the city maintains an active loan portfolio on active loan accounts. Loans are paid back on a monthly basis or when the homeowner sells the house, rents the house or upon death of the title holder.

# COMPONENT UNIT FUNDS FUND DEFINITION

Component Units provides economic development and financing services to specific geographic areas within the City limits.

These entities are legally separated from the City. However, they are fiscally dependent on the City because the City Commission is responsible for approving their annual operating budgets and any debt issuance.

## CITY OF BAY CITY 2019-2020 ADOPTED BUDGET DOWNTOWN DEVELOPMENT AUTHORITY

### DEPARTMENT DESCRIPTION

The Downtown Development Authority focuses on "bricks and mortar" public enhancement projects to improve the convenience and attractiveness of downtown, and to encourage private investment and development. The Authority consists of the Mayor of Bay City and twelve members selected by the Mayor with approval of the City Commission. The Authority meets the second Wednesday of the month at 7:30 am.

### CITY OF BAY CITY 2019-2020 ADOPTED BUDGET BROWNFIELD REDEVELOPMENT AUTHORITY

### DEPARTMENT DESCRIPTION

The Brownfield Redevelopment Authority is designed to encourage and assist developers who want to return property to production use more quickly and at a lower cost, while protecting human health and natural resources. The Brownfield tax increment-financing allows for cleanup of contamination, asbestos and lead abatement and certain infrastructure improvements supporting the project. The Authority may capture all new taxes except debt millage.

# ENTERPRISE FUND FUND DEFINITION

Enterprise Funds are established to account for the financing of self-supporting municipal activities which render services on a user charge basis to the general public. The significant characteristic of an Enterprise Fund is that the accounting system allows for the determination of whether the activity is operated at a profit or loss. All accounts of Enterprise Funds are self-contained, providing a means for creditors, legislators, and the general public to evaluate the performance of the municipal enterprise on a comparable basis with investor-owned enterprises in the same industry.

#### CITY OF BAY CITY 2019-2020 ADOPTED BUDGET OAK RIDGE CEMETERY

#### DEPARTMENT DESCRIPTION

Parks Division staff oversee the maintenance, management and operation of the 42 Acre Oak Ridge Cemetery. Operational services are provided on a daily basis by a private contractor who supplies the necessary manpower and equipment resources to maintain the chapel and grounds, answer public inquiries, conduct interments, sell services, collect revenues and maintain records.

#### CITY OF BAY CITY 2019-2020 ADOPTED BUDGET SEWER PEAK PLANT OPERATING AND MAINTENANCE

#### DEPARTMENT DESCRIPTION

The operation of the Bay City WWTP emergency generator is critical to maintaining an acceptable level of service during power outages at the plant. Without back up power for extended period, the plant will not be able to provide services and could endanger public health. The generator will run all plant processes when normal power is lost, and will also provide extra power if needed to the City's Electric Department.

#### CITY OF BAY CITY 2019-2020 ADOPTED BUDGET SELF-INSURANCE

#### DEPARTMENT DESCRIPTION

This Internal Service Fund is utilized to account for the Michigan Municipal Risk Management property and liability risk insurance charges. All funds of the City participate in this program and make payments based on estimates of the amounts needed to pay prior year and current year claims and to establish a reserve for losses relating to catastrophes.

### FUDICIARY FUND DEFINITION

Fudiciary Funds are set up to account for the assets held by the government in a trustee capacity for other individuals, governmental entities, and nonpublic organizations. Use of these funds facilitates the discharge of responsibilities placed upon the City by virtue of law or other authority.

#### CITY OF BAY CITY 2019-2020 ADOPTED BUDGET OAK RIDGE CEMETERY ENDOWMENT

#### DEPARTMENT DESCRIPTION

The Cemetery Endowment account is funded from the sale of grave plots. Fifteen percent (15%) of all grave sales revenues are reserved in the account, and invested for the perpetual care and maintenance of the cemetery. Earnings generated by investments are used to defray operational expenses on an annual basis.
